

Welcome to Enxaneta, our top floor

Enxaneta takes its name from the person that culminates the Castells, the Human Towers of Catalonia, and it represents the culmination of our culinary experience.

Coming to Enxaneta is experiencing a **gastronomic experience with our two exclusive tasting menus**. With them we want to take you on a culinary adventure across Catalonia, on a journey for the senses. With premium food pairings in a friendly, welcoming environment, you'll feel right at Paco's home.

Our Executive Chef Paco Pérez has created two wonderful tasting menus that will take you to reminisce Catalonia's best flavours and scents from the city to the forests, from the sea to the mountains. These will always be subject to the time of year in order to use seasonal and fresh products.

The names of our two menus take inspiration from the way Catalans count and name the different shapes of Castells.

Tres de Quinze - 15 courses £135

Our guests will also have the opportunity to enjoy this gastronomic experience together with the best Catalan wines, which have been carefully selected by our experts.
